

## WHAT IS LINGUA-MASTER?

Lingua-Master is one of the -Master series of programs. These are programs that work on Windows based computers and are aimed at improving your results in the Junior Certificate and Leaving Certificate.

Please visit our website at [www.rosk.ie](http://www.rosk.ie) to see new improvements and programs we will be introducing.

## WHAT WILL LINGUA-MASTER DO FOR ME?

Lingua-Master will :

- enable you to learn at your own pace, and in your own time.
- enable you to study material as often as you wish, without the need for a supervisor or teacher.
- Focus you on what you really need to know. The attraction of Lingua-Master is that everything you need is concentrated in one place. All material is 100% relevant, as it has all come up before! You'll get a good idea of the vocabulary and expres-

sions you should be looking out for and learning.

- serve as an excellent revision tool for the Junior Cert. or Leaving Cert. exams.
- save the teachers time, as they won't have to be constantly by the side of the student.
- Make your study methods easier and save time. Unlike a cassette or other revision techniques, all aural recordings, question papers and answers are interlinked. You can jump through different sections at the click of a button, see similarities in subject matter and common phrases and expressions.

What's on the Lingua-Master CD?

Lingua-Master gives you the complete official Department of Education recordings and transcripts, and more.

The Leaving Certificate Irish version of Lingua-Master contains over 100 minutes of conversation. There's thousands of phrases and vocabulary to learn. As well as helping you in the Oral and Aural exams, the 'on click' dictionary will build your knowledge of expressions for the Written Exams: be it writing an essay or to support an argument. Topics range from going on holidays and winning the World Cup to snow storms in the North Pole!

What's more, the thousands of words and phrases have all come up in the exams before, and you can be sure that a lot of them will come up again.
