

# Maths-Master™

## Ordinary Level

**Maths-Master** is a revolutionary product developed to empower students and help them master a subject that many people find difficult.

More than the traditional textbook **Maths-Master** prompts the student through each step of the problem, leading to the correct answer. Guidance is provided by means of reminders, pictures, diagrams and suggestions, leading all the way to the full solutions.

This approach means the student has the equivalent of a private tutor on computer disc.

By constant revision and practice the student will learn the patterns involved in solving problems and be well prepared for the exam.

On inserting the CD-ROM, you will be asked to choose from one of the following:

- **Algebra, Ord. Level, Paper 1**
- **Complex Numbers, Ord. Level, Paper 1**
- **Coordinate Geometry, Ord. Level, Paper 2**
- **Trigonometry, Ord. Level, Paper 2**

Access to other products may be purchased by contacting Rosk Education Systems on **Callsave 1850 200 415**

### Contained on this CD:

**Algebra** Ordinary Level, Paper 1

Quadratic Equations, Manipulating Formulae, Simultaneous Equations and more

**Complex Numbers** Ordinary Level, Paper 1

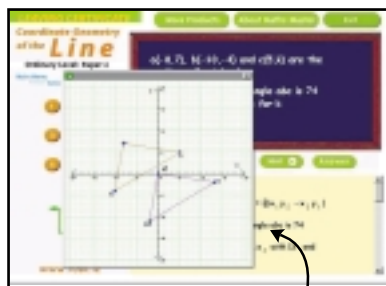

Addition, Subtraction, Modulus & Conjugate, Complex Roots, Equations and more

**Coordinate Geometry** Ordinary Level, Paper 2

Graphing lines, Distance, Midpoints and more

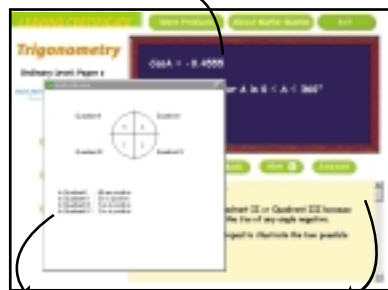

**Trigonometry** Ordinary Level, Paper 2

Right Angled Triangles, Non Right Angled Triangles, Finding angles given Sin and more
